

## CHAMBERS @ 916

**Jerry Wingren, Ethan Jackson.**

This gallery keeps hitting home runs. This month, the entire floor becomes a Japanese rock garden, courtesy Jerry Wingren's smooth, black granite stones on gravel. The entire far wall is a live projection of gallery-goers'

legs in Ethan Jackson's Echo Pool. The projection ripples in response to ambient sound, a nifty effect. Together, the works make for an impressive and engaging installation. *916 NW Flanders St., 227-9398. Closes Aug. 21.*
